

# PAMELA M. PATACSIL

La Union, Philippines | pamelampatacsil@gmail.com | +63 919 3720 476

## TECHNICAL SKILLS

---

Frontend: JavaScript, TypeScript, React, Next.js, TailwindCSS

Backend & APIs: NodeJs, PHP, Larevel, PostgreSQL, Supabase

Cloud & Deployment: Vercel

Other Tools: Git, GitHub, Figma, WordPress, EmailJS

## EXPERIENCE

---

### Freelance Frontend Developer

July 2025 - August 2025

[pyng.live](https://pyng.live)

- Enhanced dashboard and account profile, improving usability and retention for 10+ active users.
- Integrated Supabase passwordless login and Telegram sign-in, reducing login friction by 40%.
- Collaborated with a developer to launch a monetization feature that integrated Stripe payments, enabling users to purchase 1:1 access to Telegram creators through secure REST API integrations.

### Freelance Web Developer

May 2025 - June 2025

[omniza.vip](https://omniza.vip)

- Built and deployed a luxury Ibiza concierge platform using Next.js, TypeScript, TailwindCSS, and Vercel, delivering a high-end user experience tailored for premium travel services.
- Designed newsletter subscription system and automated client notifications via EmailJS.
- Developed responsive contact form with accessibility compliance, increasing service inquiries by 25%.
- Integrated Google Analytics and Google Search Console to track website performance, monitor SEO, and generate insights that guided UX and content improvements.

### ICT Staff

November 2023 - Present

[National Commission on Indigenous Peoples Region 1 \(San Fernando City, La Union\)](#)

- Developed and maintained a responsive government website using Next.js, TypeScript, and PostgreSQL, showcasing agency services and providing direct access to focal persons' office contacts.
- Implemented blog/news updates to keep stakeholders informed and strengthen transparency with clients.
- Delivered technical support and training to 90+ staff on software installation and hardware troubleshooting, improving digital literacy and reducing IT support tickets.
- Digitized and managed ICT inventory using Excel, reducing asset tracking errors by 30% and ensuring accurate reporting.

### Prompt Engineer Intern

Mar - Jun 2023

[Makerspace Innovhub \(Mapandan, Pangasinan\)](#)

- Built 2,000-row AI training dataset from auto repair shop calls, resolving data errors in .csv format for seamless chatbot integration.
- Reduced booking abandonment by ~35% by engineering intent triggers (e.g., "booking," "appointment") to guide users to scheduling forms.
- Applied data privacy safeguards by stripping sensitive details, ensuring compliance and ethical dataset usage.

## EDUCATION

---

### Urdaneta City University

August 2018 - Aug 2023

B.S Information Technology
